X70

同在一个光
人语响
近影碧空尽

Set off on your extraordinary journey.

Discover the beauty and meaning of life with family members through your explorations, where every tour brings novel findings. Driving new ways, embracing various cultures, and making enduring memories with your loved ones. Each journey brings you fresh insight and inspiration about life.

Stylish Appearance Chases Leading Trend.

The X70 presents a striking front grille design that elegantly combines modernity and inclusiveness. Its distinctive LED headlight design not only enhances both safety evening journeys and accentuates the vehicle's contemporary look with its sleek contours. The practical yet sophisticated wheel hub design not only enhances the vehicle's overall visual appeal but also enhances driving stability and comfort.

Hexagonal Smoked Black Grille

The polygonal large-size grille treated with smoked black, complemented by a three-part stylized lower bumper, presents a distinctive and eye-catching appearance.

LED Tail lights

The LED tail lights flow like water when switched on, presenting a dynamic effect.

R18/20 5-spoke Petal Wheel

The five-spoke petal wheel presents a sporty look, available in R18 and R20.

Ample Space Provides Moving Castle.

Experience an elevated sense of spaciousness with our advanced interior design. It provides transition between a five-seat and seven-seat configuration to effortlessly accommodate your needs. Revel in unparalleled luxury and versatility.

Flexible 5/7-Seater Configuration

Family-friendly design. Smoothly adjust to 5 or 7 seats based on your travel needs.

Transform Your Cargo Space

The 2nd and 3rd rows of seats can be folded flat, making the entire rear area the cargo space and significantly increasing loading capacity.

Advanced Intelligence Applies Cutting-edge Technology.

The interior is meticulously crafted with a focus on detail, emphasizing simplicity and convenience. Share your favorite music playlist and charge your mobile devices any time. Feel at home and enjoy a carefree family time while travelling.

12.3-inch Instrument Cluster Screen

Access accurate and detailed driving information from the 12.3-inch instrument cluster screen, offering clarity and control for driving experience.

10.25-inch Central Control Screen + Wireless Carplay/Android Auto

Featuring a 10.25-inch screen boasting a high resolution of 1920 * 720, delivering clear image quality and enhanced by sensitive multi-touch capability. Supports both Carplay and Android Auto.

D-cut steering wheel

15W Wireless Charging Station

It supports wireless charging for most mobile phone brands and can be used as a storage space.

The X70 model with optional equipment is shown here.

Safety System always by your side!

The X70 prioritizes safety performance, ensuring a reassuring travel experience for family members, whether urban travel or countryside journeys

360-degree Parking Image

360-degree digital high-definition image and viewpoint switch actively when turning, ensuring safer parking and meeting oncoming cars.

Cruise Control

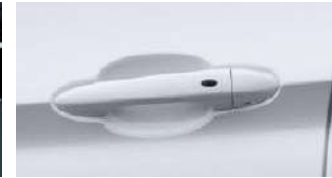

The electronic control unit allows the car to travel at a constant speed as set.

Packages

LED headlamps

Brighter and long-lasting LED headlamps. Parking distance warning (front). All models are equipped with LED headlights as standard, which are brighter with a longer lifespan.

Front Anti-trapping Power Window

Keyless entry/start

Convenient keyless entry and start, automatically lock the car after switching off the engine and leaving the car.

LED DRL

Parking distance warning (front)
